## Reading Alignment Document

### Reading Alignment Document

The following document was designed to provide teachers with additional information regarding the alignment between the Benchmark Literacy program and the 2017 Reading SOLs. It is not a replacement of the Reading Curriculum Framework. The professional responsibility of each teacher is to read the curriculum framework in order to understand and teach each 2017 Reading Standards, including the essential knowledge and skills. The document will assist with some of the additions and deletions needed in order to stay perfectly aligned. Use this document as a resource as you teach the Benchmark Literacy program.
