

# SUMMER WORK:

## Generate Possibilities for Investigation

This summer, use the [instructional video](#) to awaken your curiosity and "think out loud" on paper in your journal.

**From this brainstorm, create THREE separate [journal SPREADS](#) exploring THREE DIFFERENT ideas for next year's Sustained Investigation.**

I've attached three Sustained Investigations (2D, Drawing, and 3D) to give you an idea of where we are going next year.
