

WELCOME TO 5TH GRADE!

Welcome to 5th Grade at Lake Hiawatha School! Fifth grade students are offered many exciting opportunities and privileges. Our focus is to help the 5th graders gain more independence and responsibility for their learning. We also focus on organizational skills to help prepare your child for middle school.

Two important responsibilities of 5th graders are completing their daily math and reading homework assignments. This will help prepare students for Reading and Writing Workshop, as well as our Math Instruction and Centers. Practicing these skills at home will help the children master the concepts taught in school.

Please do not hesitate to contact us anytime if you have any questions or concerns. We are looking forward to a wonderfully successful year with your child.
