

Children learn to read by reading!

Just as you would take your child to sports practice, dance and music lessons, reading is a skill that needs to be practiced daily! Even if your child is in 3rd, 4th, or 5th grade you can still read at home with him/her! Alternate reading pages or paragraphs aloud to each other. You can download e-books 24/7 for free to your computer or device through the Morris County Library. <http://www.mainlib.org/>

As a Reading Specialist, my primary goal is to help students become more skillful readers. In order to do this, I work with small groups of children on decoding strategies, vocabulary development, comprehension strategies, and fluency. *Ms. Esposito*

Cycle "1"

Grades 1+2+3+4+5 Leveled Literacy Intervention (LLI) Program

The LLI lessons are given in addition to the regular reading instruction your child receives in the classroom. Each night, your child will bring home a Take-Home Book, (Grades 1-3) which is a copy of a book he or she has already read in school. Ask your child to read the Take-Home Book to you, an older brother or sister, or other caregiver. You can even have your child read to a stuffed animal! The idea is to have your child read every night in order to practice what is being learned in school.

Grades 1-3 It is very important that the Take-Home Book be read and returned the next day!

If you have any literacy questions or concerns that you would like to discuss, please e-mail me at lesposito@pthsd.k12.nj.us
