Re: Transportation Waiver for 20-21 School Year

Dear Parent or Guardian of a Transported Student,

The Gloucester School District has approved a five day early dismissal schedule for instruction. We are preparing our bussing services for the courtesy or hazardous routes to our middle and elementary school buildings. Our vendor's safety precautions include a limit on the number of student permitted on the bus. Therefore, we will add additional routes to accommodate this change. In our preliminary survey, some parents of transported students indicated that they will not be utilizing the bus service at this time.

In an effort to understand your bussing needs for this year, complete the transportation update form and return to the Business Office no later than August 20, 2020. If you choose to waive transportation for your student(s), please complete the waiver, also included in this correspondence. Waivers are effective during the marking period.

If you want to opt back into transportation a subsequent marking period, the opt back in form is found on the district's website http://www.gcsd.k12.nj.us/for_parents and is due no later than the following dates:

Marking Period 2	October 23, 2020
Marking Period 3	January 8, 2021
Marking Period 4	March 19, 2021

Students who opt in now or later will receive a bus pass with their specific route and bus information. If they miss their assigned time, they are not permitted to ride another bus.
