

# BOUNDARY REVIEW

## BRADFORD

March 3, 2022

Dear Parents/Guardians,

We want to thank our parents, staff and students for their input and ideas for the Bradford West Gwillimbury Boundary Review. At the Board of Trustees meeting on Monday, February 28th a final decision was made regarding boundary changes. These changes will come into effect September 2022.

The decisions were not made lightly, and we understand that change isn't always easy. Many of our schools are already over capacity and there is continued projected growth for the area. These changes were necessary in order to balance enrolment and plan for future growth.

A transition committee is being established to ensure that all affected students have access to the same supports and resources that they currently receive. This includes, but is not limited to Individual Education Plans, access to technology and school counsellor supports. The committee will also work to make this transition seamless and positive. Early next week, the affected families will receive a separate email with more information.

### **Approved Boundary Changes**

#### *St. Marie of the Incarnation*

- Students currently in the St. Marie of the Incarnation boundary who live south of Line 8 and West of Side Road 10 will be included in the new boundary for St. Charles
- Students currently in the St. Marie of the Incarnation boundary who live east of Professor Day Drive and north of Line 8 will be included in the new boundary for St. Jean de Brebeuf
- Students currently in the St. Marie of the Incarnation boundary who live west of Professor Day Drive, north of Blue Dasher Boulevard, south of Line 8 and east of the green space will be included in the new boundary for St. Teresa of Calcutta

#### *St. Angela Merici*

- Students who are currently in the bus zone, i.e., not in the walk zone for St. Angela Merici will now be included in the new boundary for St. Charles
