## Facilities Task Force Recommendations

- Examine attendance boundaries at all levels and consider making changes to address overcrowding
- Address the needs at Baird Elementary
- Create a new K-8 on the east side
- Create a new east side high school
- Ensure all high schools remain vibrant with flexible learning spaces and that enrollments in the schools equal 1,000 students or fewer
- Provide every school with community spaces for community partners, social service agencies, etc.
- Consider the creation of magnet schools
- Ensure that educational spaces are “right spaces” that are flexible and meet the needs of students
- Ensure that schools are customized to meet the needs of the students they serve
- Expand opportunities in existing schools for students, in accordance with market trends

## Guiding Change for Right-Sizing District

# Phase III

## Phase III -Redesign 2020

### Board Retreat - December 11, 2018

- **Boundary Changes**
  - Reduce split feeder school patterns
  - Do not increase split feeder patterns - unless compelling reason to do so
  - No domino widespread boundary changes
  - Must be geographical
  - Must consider bilingual
- **Grade Reconfiguration**
  - K-8 option is most attractive option
  - K-8 option on east and west sides
  - K-2 and 3-5 possible solutions for west side
- **Magnet Schools**
  - Create a draw on west side
  - K-8

# Phase III

## Phase III -Redesign 2020

### Board Retreat - December 11, 2018

- Preble addition
  - Should not be done to increase capacity
- Consolidation and Repurpose
  - Only if school is repurposed to provide additional opportunities for students
