

Dear Parents and Guardians,

First, I would like to thank you for your patience during these unprecedented times. Our mission at Just Catering for Kids has been always to provide a service to families like ours, to make life easier for you. Just Catering For kids is a family run business and has been serving our community for over 15 years. Our facility is constantly being inspected and have implemented many new protocols in the wake of Covid – 19.

We understand how frustrating this time has been, not knowing whether you will be sending your kids to school or home school them. We are currently implementing a new ordering system that can help parents out during these times.

We are extremely excited to announce our new online ordering program, that will be available mid-November, and allow you to order fresh and sealed lunches right to your door. These lunches will be easy to warm up and send with your child to school and will help eliminate the morning headaches of deciding what to make as well as the time it takes to prepare.

We will be offering all of Just Caterings favorites, as well as new items and healthy snacks. Our containers are safe, tamper free, air-tight sealed, practical, and amazingly easy to open for children. These containers will ensure that the meals are as fresh as they can be. These meals will be delivered right to your home. Depending on where you live, please check the delivery schedule to see when we will be delivering your area. If you know any community members that need help with lunches, but we do not service their school, can still order as long as they are in a delivery area.

We will be sending out more information very soon about how and when you can start ordering. Thank you again for your patience. If you have any questions, please contact us at justcateringforkids@rogers.com.

STAY SAFE!

Sincerely,

Just Catering For Kids Family
